

BOCA Lemur-2 Vertical Printer Installation

The new BOCA Lemur-2 printers can be ordered with a Vertical Mounting Plate for installation in the desktop.

- Printer dimensions (1 inch = 25,4 mm)
(minimum for vertical mount)

width	13.0"	(330 mm)
height	7.70"	(196 mm)
weight	14 lbs	(6,35 kg)
- Topplate dimensions (1 inch = 25,4 mm)
(minimum for vertical mount)

width	16.09"	(409 mm)
height	8.70"	(221 mm)
thickness	0.125"	(3,17 mm)
- The printer extends down aprox. 209 mm (8,25", from top of desktop). Please reserve extra space underneath the printer for your ticket stock + aprox. 150 mm (for ticket insertion).
(The height of the ticket stack depends on ticket sizes and the their manufacturing).
- We recommend to have the printer present when building and preparing the counter top for vertical mount. Like that you can ensure correct operation of you ticket sales.
